The Emmaus Mens Walk #43 was absolutely amazing and extremely blessed by Gods presence.. .With so little time to prepare and so many attacks from the evil one, prayer and faith were eminent components as God literally picked, placed, and prepared each team member.

As pilgrims began to say yes to the call to come on this walk and the team formation was completing, it was becoming very evident that the Holy Spirit was preparing us for an incredible encounter with Him! The pilgrims pulled a chair up to God's table and received a full portion of what Christ's love is and should be, how we should be, and how to show that to others.

I've been so very blessed to hear some amazing testimonies from this walk and witness to lives being changed, it is all the more evidence that God is still moving and Walk to Emmaus is back ONLINE !!!

Hallelujah
